Medical Assistant/ Clinical Research Assistant Interns

The Practice Administrator at a large dermatology private practice in Chevy Chase, MD, the Dermatologic

Ophthalmology Medical Assistant/Technician Position Open
Surgery Center of Washington seeks 2 recent college grads with a pre-health background to work with us as a Medical Assistant Intern and a Clinical Research Intern. Historically, these roles have been filled by recent grads (including those from GWU) seeking hands-on patient experience assisting medical Providers while they study for MCATs and apply for professional school. Some have stayed long term, and typically we ask that they stay with us for at least two years. It has always been a very rewarding relationship for everyone involved.

Please submit resume and cover letter to: Front.Desk@Mohs-MD.com. No calls please.

Job descriptions are attached!

Two doctor eye surgery practice in Rockville, Maryland seeks an energetic, versatile and personable individual to perform a wide range of medical and administrative activities. We prefer a candidate who can start ASAP. This is a great opportunity for a recent college graduate with no experience as well as an experienced tech! Clinical duties include using high-tech computerized instruments to measure intraocular pressure, keratometry, lensometry, visual fields, laser biometry, retinal photography, ocular tomography, autorefraction and corneal topography. Other duties include screening patients for exams, measuring vision, history taking, and setting up instruments for surgical procedures. Administrative activities include reception, and scheduling. Salary starting $15 - $25 per hour depending on the skills and experience. We are located in a fun, active area of central Rockville.

To apply, please forward your CV and optional cover letter to ophthalapp@gmail.com
